CONTENTS

Role of manures and fertilizers in the management of the root nematode (Hirschmanniella oryzae) in rice (Oryza sativa L.) -- 1
-- J.S. Prasad, R. Mahender Kumar and L.V. Subba Rao

Screening of banana hybrids (4X) against Pratylenchus coffeae under field conditions -- 5
-- V. Krishnamoorthy and N. Kumar

Control of root-lesion nematode, Pratylenchus coffeae in certain cultivars of banana using different chemicals -- 9
-- P. Sundararaju

Role of reniform nematode, Rotylenchulus reniformis in the incidence of root rot, Rhizoctonia bataticola on cotton -- 19
-- R.R. Patel, B.A. Patel and N.A. Thakar

Evaluation of VAM for management of root-knot nematode in brinjal -- 22
-- Asha John and Hebsy Bai

Race specific biochemical responses in differential hosts against the root-knot nematode, Meloidogyne incognita -- 26
-- S.C. Swain, A.K. Ganguly and Umarao

Isozyme patterns of Heterodera avenae and H. filipjevi populations of India -- 33
-- S.P. Bishnoi, Shashi Singh, Satish Mehta and Harish K. Bajaj

Effect of aqueous leaf extracts of botanicals on egg hatching and larval penetration of Meloidogyne incognita in banana -- 37
-- A.D. Patel, D.J. Patel and N.B. Patel

Effect of different plant products on the hatching of Meloidogyne incognita eggs -- 40
-- B. Saravanapriya, M. Sivakumar, G. Rajendran and S. Kuttalam

Biological control of plant parasitic nematodes associated with chickpea using oil cakes and Paecilomyces lilacinus -- 44
-- Sartaj A. Tiyagi and Shamim Ajaz

Biocontrol agents for the management of disease complex involving root-knot nematode, Meloidogyne incognita and Fusarium moniliforme on grapevine (Vitis vinifera) -- 49
-- T. Senthilkumar and G. Rajendran

Evaluation of diploid banana hybrids against burrowing nematode, Radopholus similis -- 52
-- V. Krishnamoorthy, N. Kumar and K. Poornima

Prevalence of phytophagous nematodes in rhizosphere of okra (Abelmoschus esculentus L. Moench) in Parbhani district, Maharashtra, India -- 56
-- B.B. Bhosle, Mukesh Sehgal, S.N. Puri and Suvasish Das

Effect of urea coated with neem formulations on root-knot and reniform nematodes in okra -- 60
-- V. Mojumder, Pankaj, Gautam Chawla and Jagwant Singh

Role of cuticular surface carbohydrates of J2 larvae of Anguina tritici in specific recognition of the host -- 64
-- Parveen and S.P. Ahuja

Control of citrus nematode, Tylenchulus semipenetrans in Nagpur mandarin orchard -- 70
-- Bansa Singh

Response of chickpea varieties/lines against reniform nematode Rotylenchulus reniformis -- 75
-- Mohd. Shaikhul Ashraf and Tabrez Ahmad Khan

Life cycle of Meloidogyne graminicola on paddy and its host range studies -- 80
-- K.R. Dabur, A.S. Taya and Harish K. Bajaj

(continued on inner cover)
Interaction of Meloidogyne incognita with Fusarium oxysporum f. conglutinans on cauliflower  --  K.N. Pathak and Nishi Keshari

Studies on the population dynamics of phytoparasitic nematodes in kiwi fruit  --  G.C. Sharma and A.S. Kashyap

Optimization of commercial formulation of VAM (Glomus mosseae) against Pratylenchus delattrei in Crossandra  --  Rajeswari Sundarababu, S. Ramakrishnan, G. Jothis and G. Rajendran

Impact of sowing time on the nematode populations of French bean and assessment of avoidable yield losses to the crop due to their infestation  --  G.C. Sharma and Madhu Bhatia

Reaction of tomato (Lycopersicon esculentum) varieties/lines to Meloidogyne incognita Race-1  --  H.K. Sharma, Pankaj, Siyanand, D.C. Pachauri and G. Singh

Reaction of tomato germplasm against root-knot nematode, Meloidogyne incognita  --  R.S. Kamalwanshi, Anis Khan and A.S. Srivastava

Occurrence of root feeder nematodes in rice at Kanpur  --  Raj Kumar M., Aruna Parihar and A.U. Siddiqui

Estimation of avoidable yield losses to sugarcane due to nematodes in field condition  --  M.G. Haidar and Kumkum Dutta

Effect of Bacillus thuringiensis on the mortality of root-knot nematode, Meloidogyne incognita  --  S.C. Dhawan, Sarveet Kaur and Aqbal Singh

Influence of VAM on the biomass production and root-knot nematode infestation in Amaranthus  --  Asha John, P. Sivaprasad and Hebsy Bai

Effect of Parkia javanica Merr. against root-knot nematode Meloidogyne incognita on Vicia faba Linn.  --  L. Joymati, H. Romoni and Ch. Dhanachand

Effect of granular nematicides on penetration of reniform nematode, Rotylenchulus reniformis in cotton  --  R.R. Patel, B.A. Patel and N.A. Thakar

Pathogenicity of reniform nematode, Rotylenchulus reniformis on cotton  --  R.R. Patel, B.A. Patel and N.A. Thakar

Occurrence of Pasteuria sp. in free living nematodes, Cephalobus and Discolaimium sp.  --  S.C. Dhawan, K.K. Kaushal, Sudershan Ganguly and Khazan Singh

Screening of gherkin (Cucumis anguria L.) cultivars against root-knot nematode, Meloidogyne incognita  --  H.M. Praveen and D. Nanje Gowda

Effect of abiotic factors on the egg hatching of Romanomermis manjerensis (Nematoda : Mermithidae) from Anopheles sp mosquito larvae  --  A.V. Rajashekhar and Y. Narsi Reddy

Prevalence and distribution of phytoparasitic nematodes associated with major vegetable crops in Mandya district, Karnataka  --  N.G. Ravichandra and K. Krishnappa

Quarantine nematodes vis-à-vis convention on biological diversity  --  Rajan, Arjun Lal and R.K. Khetarpal
